

Dear brothers and sisters,

Thank you for your kind words.

As a church in Mozambique we value partnerships with other conferences, with individuals as well as with agencies for the visible results that come from them. Most of the leadership in Mozambique today they got their education as a result of these partnerships, most of our ministries are connected to the partnerships we have. The partnership we have has been the driving force behind what the church is doing in Mozambique.

So we thank God for all of you and may he continue to bless all

Joaquina Nhanala

Bishop, Mozambique episcopal area
